*Department of Public Safety: **(660) 785-4176***

*Web site: **<http://police.truman.edu>***

The Department of Public Safety is the campus police department, which protects the property and preserves the peace and good order on the campus. The Department of Public Safety staff serves the campus 24 hours-a-day, 365-days-a-year, providing both emergency and non-emergency assistance to students, employees, and visitors.

The Department of Public Safety consists of the University Police Department, Parking Services and State Fleet Transportation Department. The University Police provides both emergency and non-emergency assistance to the University community. The Department offers escort services, houses the central lost and found, provides safekeeping for firearms and provides crime prevention programs, including rape aggression defense. The Department encourages everyone to report crimes that occur on campus to the University Police Department. For more information regarding the Department of Public Safety, visit the web page <http://police.truman.edu/>. The Public Safety Building is located on the corner of Normal and Franklin Street.

### **Policies for preparing the statistics for the Truman State University Annual Campus Safety and Security Report**

As required by federal law, Truman State University's yearly crime statistics for this report are compiled on a calendar-year basis in accordance with the definitions of crimes provided by the FBI for use in the Uniform Crime Reporting (UCR) system. The report includes statistics for the previous 3 years concerning reported crimes that occurred on campus. In addition, these statistics are gathered from reported crimes to the University Department of Public Safety (DPS), crimes reported to other campus officials with significant responsibility for student and campus activities (known as Campus Security Authorities). These statistics also include persons referred for campus disciplinary action for categories required under the Clery Act, which are violations of liquor laws, drug laws, and illegal weapons possession. Statistical information for certain off-campus buildings or property owned or controlled by Truman State University as well as public property within or immediately adjacent to and accessible from the campus are collected or requested from local police departments. Future reports will be promulgated on October 1 of each year.

## **General Procedures for Reporting a Crime or Emergency**

All members of the University community are encouraged to report any crime committed on campus to the Department of Public Safety (DPS) in a timely manner. DPS shares a central dispatch center with the Kirksville Police Department (KPD) and the Adair County Sheriff's Department. In case of emergency call 911, otherwise call 660-665-5621. Dispatchers are available at these respective telephone numbers 24 hours a day to answer your call. Reported calls are investigated and referred to the appropriate department or office for action. Crimes should be reported to DPS to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.

DPS works very closely with KPD and other law enforcement agencies to assist them with incidents, which may occur on or off campus. University police officers and Kirksville police officers enforce laws and University regulations, such as underage drinking, and use of controlled substances and weapons. Alcoholic beverages are not permitted in the residence halls or on campus. Illegal drugs, firearms, and dangerous weapons of any type are not allowed on campus. Students who violate these regulations face University disciplinary sanctions through the Office of Citizenship and Community Standards and/or criminal charges.

The Department of Public Safety encourages anyone who is the victim or witness to any crime to promptly report the incident to the campus police. Because campus police reports are public records under state law, DPS cannot hold reports of crime in confidence. All reports will be investigated. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other campus security authorities, such as Residence Life staff, or other campus officials with significant responsibility for student and campus activities. Incidents may also be reported anonymously via the "Silent Witness" program located on the DPS web site at <http://police.truman.edu/forms/witness.stm>

## **Off-Campus Crime**

If KPD is contacted about criminal activity occurring off-campus involving Truman State University students, KPD may notify DPS. However, there is no official KPD policy requiring such notification. Students in these cases may be subject to arrest by KPD and subject to university judicial proceedings through Truman's Office of Citizenship and Community Standards.

## **Policy Statement Addressing Counselors**

Campus "Professional Counselors", when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

Campus "Professional Counselors" are defined as: An employee of an

institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

## **Emergency Response and Evacuation Procedures**

The University has developed an Emergency Operations Plans that includes information about University operating status parameters; incident priorities and performance expectations; shelter-in-place and evacuation guidelines; and local contingency and continuity planning requirements. University Departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. DPS is responsible for developing, maintaining and testing the plan on an annual basis. The University is also a member of the Adair County/Kirksville Local Emergency Planning Committee which is responsible for developing, maintaining and testing the Adair County/Kirksville Emergency Operations Plan.

The Department of Public Safety receives information from various offices/ departments on and off campus. If DPS confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the Truman Community, DPS will collaborate with appropriate offices to determine the content of the message and will use some or all of the systems described below to communicate the threat to the Truman Community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population. DPS will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: DPS, other local Law Enforcement agencies, local Fire and Emergency Medical Services), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In the event of a serious incident which poses a confirmed immediate threat, as determined by the Department of Public Safety, to members of the Truman community, the University has various systems in place for communicating information quickly to those individuals. Some or all of these methods of communication may be activated in the event of a confirmed immediate threat to the Truman campus community. These methods of communication include emergency phone notification, emergency text messages that can be sent to a phone or PDA (individuals can sign up for this service on the TruView Website), and emergency override on the University website, *www.truman.edu*. The University will post updates during a critical incident on the University website at *www.truman.edu*. Members of the community at large who are interested in receiving information about emergencies on campus should monitor the Truman website.

Information on Evacuation and other Emergency Procedures can be accessed via the Department of Public Safety website at: *http://police.truman.edu/universitypolice/2008%20Emergency%20Procedures%20Poster.pdf*. You can request a hard copy of this information by contacting DPS

during normal business hours at 660-785-4176, via email at [police@truman.edu](mailto:police@truman.edu) or in-person at the DPS Office.

## **Timely Warnings**

Truman State University will make every effort to provide a safe and secure environment for everyone. In the event a serious crime occurs on the campus, the Department of Public Safety (DPS) will provide the university community with a timely warning via university-wide mailing, e-mail, text messaging, or posting throughout the campus. The same protocol will be followed for emergency situations. The timely warning will also appear on the DPS web site at <http://police.truman.edu/>. Click on the “Campus Watch” icon located in the lower right corner. (The “Campus Watch” icon will only appear in the event of the issuance of a timely warning.) The notice will provide information about the incident and crime prevention/safety information. All crimes that are reported are entered in the daily crime log and reports are filed with a unique identification number. This daily log contains the nature of the crime, date, time, general location, and disposition of the complaint.

## **Campus Police Authority and Jurisdiction**

DPS is a fully commissioned police department that works very closely with Federal, State, County, and Local Law Enforcement agencies to provide proactive law enforcement services to the Truman campus. Commissioned police force means that the police officers at DPS have the same arrest powers as other police officers in the State of Missouri. Every DPS police officer is commissioned by the State of Missouri and the City of Kirksville. DPS is also a member of the Adair County E911 Central Dispatch Center.

DPS has complete police authority to apprehend and arrest anyone involved in illegal acts on campus. Violators are subject to criminal prosecution, fines, and imprisonment. DPS may also refer the violator to the Office of Citizenship and Community Standards or other appropriate University administrative office.

Through coordination with local law enforcement agencies, any criminal activity engaged in by students at off-campus locations of student organizations, is monitored and recorded. This information is provided to the Office of Citizenship and Community Standards for any action or follow-up that may be required.

## **Building and Grounds Security**

The Physical Plant Department maintains the University buildings and grounds with a concern for safety and security. They inspect campus facilities regularly and promptly make repairs. The University campus is well lit, and further lighting improvements are being made in parking lot areas and along pathways frequently traveled by students. In addition to public access phones in each building, there are 20 emergency telephones strategically located throughout campus, directly connected to the Adair County E-911 Dispatch Center. Most of the University’s academic buildings are opened weekdays by the Physical Plant staff members in the morning and locked by the

**HATE CRIMES - No reported Hate Crimes for 2006, 2007, or 2008.**

\* One rape in Residence Hall was reported in 2008 by the Denver, CO, PD occurred in 2000.

ON CAMPUS statistics are those that occurred in any building or on property owned or controlled by the University.

RESIDENCE HALLS category is a sub-category of the On Campus category.

PUBLIC PROPERTY includes all public thoroughfares, streets, sidewalks, and parking facilities, which are within the campus, or are immediately adjacent to and are accessible from the campus.

NONCAMPUS BUILDING OR PROPERTY is any building owned or controlled by the University which is not contiguous to campus or property which is owned or controlled by an officially recognized student organization..

Department of Public Safety in the evening. On weekends, the DPS opens and closes buildings as needed. In addition, the University's locksmiths maintain strict control and are on call 24-hours-a-day.

## **Residence Hall Security**

All residence halls at Truman State University are co-ed. Each has its own visitation policy. When entering a residence hall during late evening/early morning hours, the resident either carries a key to enter the hall or checks in with the night monitor on duty. Professional resident directors and resident assistants, who are members of the Residence Life staff, live in the residence halls and are on call 24-hours-a-day.

## **Student and Employee Responsibility**

The cooperation and involvement of students and employees is important to the success of a campus safety program. They must assume responsibility for their own personal safety and the security for their personal belongings by taking simple, common sense precautions. Precautions might include the use of the escort service when traveling alone at night. Room doors should be locked at night and whenever unoccupied. Valuable items such as stereos, TV's, and cameras should be marked with engraving instruments, which are available free of charge at Public Safety. Bikes should be registered with Public Safety and secured with a sturdy lock. Cars should be locked and parked in well-lit areas with valuables placed out of sight. All students, faculty and staff should report suspicious acting individuals or any unusual incidents to the Department of Public Safety.

## **Crime Prevention**

Throughout the academic year, the Department of Public Safety along with the Residence Life staff and other University organizations, sponsor crime prevention programs for the University community, which teach individuals how to reduce their risk of being victimized. Some of the programs offered include: personal safety and awareness, sexual assault awareness, theft and burglary prevention, alcohol awareness, and bicycle safety and security. Information on security and reported incidents of crimes are provided to students and employees regularly through bulletins, crime watch (potential crime warnings), posters, brochures, and the student newspaper.

## **Policy on Alcoholic Beverages**

Truman State University is a dry campus, which prohibits public intoxication and the possession, use, and distribution of alcoholic beverages at any time on University premises, regardless of age. (University premises include university parking lots, sidewalks adjacent to campus, and some grassy areas near campus). The consumption of or being in the presence of alcoholic beverages on campus is prohibited by University policy as established by the Board of Governors. Missouri state law prohibits the possession of alcoholic beverages by persons under the age of 21 or "Minor in Possession". Missouri state law also prohibits those under the age of 21 to be a "Minor in Possession

by Consumption.” This is defined as any person under the age of 21 who is “visibly intoxicated” or has a detectable blood alcohol content of .02. Such laws are strictly enforced by the DPS. Violators are subject to University disciplinary action, criminal prosecution, fines, and imprisonment. Organizations or groups violating alcohol policies or laws may be subject to sanctions by the University.

## **Policy on Illegal Drugs**

The possession, sale, use, manufacture or distribution of any controlled substance, drug paraphernalia, and/or other chemicals, without proper prescription or required license, is illegal under both state and federal laws. Such laws are strictly enforced by DPS. Violators are subject to University disciplinary action, criminal prosecution, fine and imprisonment.

## **Alcohol and Substance Abuse information**

Students and employees seeking additional information about the effects of drug or alcohol use or seeking assistance for alcohol or drug related problems should contact the Student Health Center (785-4182) or University Counseling Services (785-4014) for referral information.

## **Sexual Misconduct**

The term “sexual misconduct” means the involvement in any sexual act with another person without the acknowledged and informed consent, particularly when the other person is incapacitated by drugs, alcohol, mental deficiency, other disability or age.

As defined by Chapter 568 of the *Missouri Revised Statutes*, the following terms mean:

- (1) “Deviate sexual intercourse”, any act involving the genitals of one person and the hand, mouth, tongue, or anus of another person or a sexual act involving the penetration, however slight, of the male or female sex organ or the anus by a finger, instrument or object done for the purpose of arousing or gratifying the sexual desire of any person or for the purpose of terrorizing the victim;
- 2) “Sexual conduct”, sexual intercourse, deviate sexual intercourse or sexual contact;
- (3) “Sexual contact”, any touching of another person with the genitals or any touching of the genitals or anus of another person, or the breast of a female person, or such touching through the clothing, for the purpose of arousing or gratifying sexual desire of any person;
- (4) “Sexual intercourse”, any penetration, however slight, of the female sex organ by the male sex organ, whether or not an emission results.

Truman State University will not tolerate on its campus or among its members sexual misconduct in any form. This includes any sexual contact without the acknowledged and informed consent of another person. The University will neither shield nor intervene in legal proceedings against any member of the University community who is charged with a sexual offense. Sexual misconduct is a violation of the Student Conduct Code. In response to the seriousness of sexual misconduct, the University has adopted specific

protocols for dealing with incidents and encourages any member of the community who is a victim of sexual misconduct to report the incident. If University rules have been violated, sanctions may include suspension or expulsion from the University.

## **University Statement on Sexual Misconduct**

If a sex offense occurs, the following procedure should be followed. If the offense occurred on University property, it should be reported to the University Police Department. If the offense did not occur on University property, victims have the option to allow the University Police, Student Affairs, or the University Counseling Center to assist them in notifying the proper jurisdictional authorities if the victim wishes to make a formal complaint. It is important to preserve evidence in the event the victim wishes to pursue criminal charges. The victim should get medical attention as soon as possible at the local hospital. Physical specimens collected by medical staff soon after the sex offense can be valuable evidence if criminal charges are filed. If a victim chooses to pursue University disciplinary procedures, this may be done regardless of criminal proceedings. During University disciplinary proceedings, the accuser and the accused are both entitled to the same opportunities to have advisors of their choice present. Additionally, both the accuser and the accused are informed of the outcome of a University disciplinary proceeding alleging a sexual misconduct. Sanctions imposed for sexual misconduct offenses following a University disciplinary proceeding may range from counseling to expulsion as explained in Chapter 8 of the University Policies and Procedures Manual which is available in any administrative office or is on reserve in the library. Victims of sexual misconduct may wish to seek support through counseling. The University Counseling Center is available for emergency consultations. If the student wishes, University Police Officers will assist in making these arrangements. Students may also contact the University Counseling Center themselves at 785-4014. Community based assistance is available through Victim Support Services at 665-1617. Victims that wish to make changes in their academic schedule or in campus living arrangements after an alleged sexual assault may do so providing such changes can be reasonably accomplished. Victims should contact the Dean of Student Affairs for assistance.

## **Sex Offender Registration**

Under the provisions of the Jacob Wetterling Crimes Against Children and Sexual Offender Registration Act, any person who is required to register under a state sex offender registration program must notify the state when s/he enrolls at an institution of higher education or is employed at such an institution, and must notify the state of any change in enrollment or employment at an institution of higher learning. Sex offender registration information is to be transmitted from each state to the law enforcement entities where the registered sex offenders reside. Missouri maintains a web site containing sex offender registration information. This information can be accessed 24 hours a day at: <http://www.mshp.dps.missouri.gov/MSHPWeb/PatrolDivisions/CRID/SOR/sorQuery.html>. A link to this site is also located on Department's Web site at <http://police.truman.edu/>

## **Missing Students Who Reside On-Campus Policy Statement**

If a member of the Truman State University community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify the Truman State University Department of Public Safety (DPS) at (660)665-5621. DPS will generate a missing person report and initiate an investigation.

After investigating the missing person report, should DPS determine that the student is missing and has been missing for more than 24 hours, Truman State University will notify the student's emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, Truman State University will notify the student's parent or legal guardian immediately after DPS has determined that the student has been missing for more than 24 hours.

In addition to registering an emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by Truman State University in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, Truman State University will notify that individual no later than 24 hours after the student is determined to be missing. Students who wish to identify a confidential contact can do so through Residence Life. DPS will be contacted to initiate an investigation even if the student does not identify a missing person contact.

## **Annual Fire Safety Report**

If a fire occurs on Truman State University campus property, community members should immediately notify Central Dispatch by calling 911. Central Dispatch will initiate a response by the Kirksville Fire Department and the Truman State University Department of Public Safety (DPS). If a member of the Truman State University Community finds evidence of a fire that has been extinguished, and the person is not sure whether DPS has already responded, the community member should immediately notify DPS to investigate and document the incident by contacting Central Dispatch at (660)665-5621.

The fire alarms alert community members of a potential hazard and community members are required to heed their warning, and evacuate a building immediately upon hearing a fire alarm in a facility. Use the nearest stairwell and/or exit to leave the building immediately. Community members should familiarize themselves with the exits in each building. When a fire alarm is activated, the elevators in most buildings will stop automatically. Occupants should use the stairs to evacuate the building. If you are caught in the elevator, push the emergency phone button. All emergency phones in elevators on campus ring directly to Central Dispatch.

DPS publishes this report as part of its annual Fire Safety Report, which contains information with respect to the fire safety practices and standards for Truman State University. This report includes statistics concerning the number of fires, the cause of each fire, the number of injuries and deaths related to a fire, and the value of the property damage caused by a fire. Information on Fire

Safety can be accessed via the Truman State University Department of Public Safety website at: <http://police.truman.edu/universitypolice/2008%20Emergency%20Procedures%20Poster.pdf>. You can request a hard copy of this information by contacting DPS during normal business hours at 660-785-4176, via email at [police@truman.edu](mailto:police@truman.edu) or in-person at the DPS Office. Fire Safety information related specially to the Residence Halls can be accessed via the Residence Life Website at: [http://reslife.truman.edu/information/handbook/index\\_pg3.asp#Evacuations\\_Fire%20Drills](http://reslife.truman.edu/information/handbook/index_pg3.asp#Evacuations_Fire%20Drills).
